PATENTED ROSES

PLANT PATENT NOTICE: The following provisions apply to all patented plants we sell:

Each plant so indicated is a patented variety under the laws of the United States and any asexual reproduction or distribution by sale, gift, or otherwise of scions, buds, or cuttings for such reproduction, without license from patent holder, constitutes an infringement of the patent. Any unauthorized reproduction sale or other distribution of reproducing propagating material of these patented plants, prohibited by the patent under these names and trade-marks or any other name or names, will subject the reproducer, seller or distributor thereof to prosecution for infringement under the United States Patent Laws.
